VOL. 14, NUMBER 30 — MONESSEN, PA., MONDAY, JULY 19, 1915 — SIX CENTS THE WEEK

Chautauqua Auto Parade Tomorrow

One week from today the second annual Chautauqua season will open here on the Iowa school building grounds, and from all indications it will prove an even greater success than that of the initial season. The affair is being held under the auspices of two hundred local guarantors, but the benefits will be donated to the local volunteer fire department. The members of the fire deparement are assisting in the sale of the tickets, and it is up to the citizens of the town to show their appreciation of the good work done by the organization by assisting them in this movement for new paraphernalia.

The first advance man arrived early this morning in the person of M. M. Witherspoon, the well known W. & J. athlete, who will attend to the advertising. Streamers and pennants will be placed at conspicuous places about town and all street cars will have announcements of the affair. He will meet with members of the local guarantors today and arrange for an auto parade some evening this week at which time the famous colored Chautauqua caps will be distributed.

Saturday Superintendent H. B. Richardson and crew will arrive from Altoona and erect the large tent and get everything in readiness for the opening program Monday morning.

Later—Arrangements were completed for the parade which will be held tomorrow evening. Everybody is invited to participate and all guarantors who have cars are asked to meet about ten minutes before 7 in front of the P. & L. E. freight station. The cars will be decorated by Mr. Witherspoon. It is hoped a band can be secured for the parade which will traverse the principal streets of the town.

Auto Bus Goes Over Embankment

Another accident was reported to the fast growing list on the new river road to Webster Saturday evening shortly after 8 o'clock when the auto bus driven by Noah Bush of Monongahela, turned turtle in the vicinity of Shepler hollow. In attempting to pass a car going towards Webster, the driver left the road and went over a five foot embankment to the railroad tracks. The bus turned completely over and a woman passenger received a badly sprained ankle, while four other passengers were slightly bruised. The driver escaped without injury and the bus was practically demolished and was hauled to Monongahela.

Resents Insult

After having declared that "no one could insult his mother," Frank Sinke of Belle Vernon, secured a knife and a revolver and with the gun shot and perhaps fatally wounded Joe Hayden Thursday night.

Sinke and Hayden had been talking in the Belle Vernon hotel and Sinke accused Hayden of making insinuations about his mother. Hayden denied the accusation and Sinke went away. A few minutes later he returned with a long murderous looking knife and a 38-calibre revolver, he walked up to Hayden and offered to fight. Hayden refused and Sinke fired the bullet, striking Hayden in the right arm and passing into his body near his spinal column. The blood, an eye witness stated, spurted fully 18 inches and Hayden fell to the street. Sinke escaped to his home and there he was located by a Belle Vernon officer a few hours later.

Hayden was hurried to the hospital where he is now in a very precarious condition, the doctors having been unable to locate the bullet.

Sinke was charged with felonious asault and battery before Squire Charles Dickson and held for court following a hearing. Sinke, according to stories of his countrymen murdered a man in Italy and was forced to flee to the United States to escape punishment for his crime. Now he is awaiting trial at the August term of court in the county jail in default of $1,000 bail.

Henry Lange, a prominent resident of Rostraver township, has announced the engagement of his daughter, Miss Jessie Lange to Benjamin Donaldson of near Webster. Miss Lange is one of the pretty and popular girls of the comunity and Mr. Donaldson, a son of A. B. Donaldson, is employed in the Donora mills. The wedding will be an event of the near future.

Population Of Monessen Now 20,191

With the completion of population estimates for July, 1915, it is shown that Monessen with a total of 20,191 is the largest city in either Westmoreland or Fayette counties and at the present rate of increase will soon rank with the largest cities in Western Pennsylvania.

The figures made public this year show the 1910 and 1915 population of cities having 8,000 or more inhabitants in 1910. Both the April 15 and July 1 figures for 1915 are given, the former date being the exact five year period since the 1910 census, while the July 1 estimates are included, this being the date fixed for the annual estimate made by the Federal Census Bureau. This year the Census Bureau made no estimate but the figures while unofficially complied are estimated by the method followed by the bureau and will be found identical with the July 1, 1915 estimates that may be made a year hence by the Census Bureau.

According to these estimates, Monessen's population in 1910 was 11,775 and on July 1 of this year had gained 10,416 inhabitants, bringing the total to 20,191. During this same period, Greensburg, the county seat, had risen from 13,012 to 15,085 or a total gain of but 2.073. The rapidity with which this town is growing, is shown by the estimates for the past three months when 301 new inhabitants located here, while but 82 settled in Greensburg.

The figure for all towns in this section are as follows:

Charleroi ...	9,615	11,481	11,558
Donora	8,174	9,500	9,550
Greensburg .	13,012	15,003	15,085
Jeannette ...	8,077	9,198	9,244
Monessen ...	11,775	19,890	20,191
Uniontown ..	13,334	19,788	19,598

Bather Injured

Two thousand people gathered at the Charleroi bathing beach yesterday afternoon and watched fully 500 people bathing in the Monongahela river at this point, while many others enjoyed themselves in canoes and row boats. Only one accident was reported during the day, this being Clarence Keifel, aged 18 of Charleroi, who received a badly cut head when he struck the bottom of the wire fence in making a deep dive. He was taken to the doctor's office in an automobile, where it was discovered that a cut almost five inches in length had been made on his head.

Many Voters Have Failed To Enroll

Assessors of the three wards of Monessen are calling attention to the fact that a number of voters have not turned in their enrollment slips. This means that while their names may appear on the assessors' or registers' books and they may vote a non-partisan ticket for judge, yet will be unable to vote for any other nomination unless their names are enrolled as to party.

Most of these cases result from voters being away from home when the assessor or register called. Slips were left under the door or in the mail box. If these are not turned in, the absent voter is still not eligible to vote a party ballot at the coming primaries in September.

Assessors will sit in all three wards Tuesday and Wednesday of this week from 9 a. m. until 3 p. m., and from 6 p. m. until 9 p. m., to receive enrollment slips and correct registrations. Every voter has the right to see that he is enrolled properly and also as to his party choice.

Assessors in the First ward are August Jasper, first precinct, and Joe Springer, second precinct; Second ward, J. A. Black, first precinct, and Frank Venneri, second precinct; Third ward, Roy Smallwood.

Overturn Boat

According to a report from Belle Vernon this morning, two young men and two young women of that town had a narrow escape from drowning last evening when a skiff in which they were riding, overturned. The party had arrived at the wharf and in getting out of the boat it overturned, throwing the two girls into the water. The young men became confused following the accident, and had it not been for the timely arrival of a motor boat, one of the girls would probably have met a watery grave, as she had gone down for the second time before assistance was procured. It is reported that the skiff was turned over on purpose, but this could not be confirmed.

—Today at the Olympic—"The Little White Violet," in two reels featuring Mary Fuller; "The Wrong Label, a drama featuring Jane Gail. "The Right of Way" a comedy, featuring Max Asher and Gale Henry Also the second episode of "The Broken Coin." 1t

Playground League Will Open Today

Electric park is the favorite place for Monessen's young people. It is estimated that from four to six hundred visit the park daily, ranging in ages from six years and up. Many mothers are in the habit of bringing their children and stayng for the afternoon. It seems to be one of the coolest places in town. The four tennis courts are in constant use from five a. m. until 8 p. m. (when weather permits.) Tennis seems to have the call in Monessen for the younger folks, both girls and boys. The swings, giant stride and the slide are the favorite amusements for the youngest, while the traveling rings, the horizontal bar and climbing rope, attract the attention of the larger boys.

Base ball is the most favorite pastime for the boys from three to five, games are in progress during the day. As many as five games are played at one time.

The playgrounds baseball league will open Monday morning at 9:30. The larger league composed of boys from thirteen to sixteen will be composed of the following teams: Rebels, Hilltops, Cubs and Clyde Davies' "All Stars." Monday the Cubs will play the "All Stars." The smaller league will open Tuesday at 9:30 a. m. and the following teams comprise the league: Giants, Cubs, Jr., Independent Jr. and the "All Star" Jr.

The Playgrounds committee is now trying to have water pipes to the grounds which is needed badly.

Most, in fact about all the children, are using the subway, but there are a few who cross the tracks. All parents should urge their children to use the only proper entrance, the subway.

Ford Refund

The Ford automobile company has announced a refund of approximately $15,000,000 to owners of Ford automobiles who have purchased their machines since August 1, 1914. August 1, 1914 the company announced that if 300,000 machines were sold during the ensuing year, each purchaser would receive a refund of from $40 to $60. The 300,000 mark has been reached. The company says the refund is part of the profit distribution policy of the company.

Speeders Will Be Arrested

As a result of the numerous accidents on the new brick road leading from Monessen to Webster, the State Highway department has commissioned a detachment of state police here to take the numbers of the cars driven by the speed maniacs with a view to taking some action. This has been going on since Saturday when plain clothes men were stationed along the road and on the Donora-Webster bridge.

No sooner was the new road opened than the automobiles took complete possession, and the temptation was too great for drivers and it was turned into a speedway which was practically usurped by fast drivers. Several acidents have already occurred, and while there has yet been no loss of life, it is believed the matter was reported to the Highway department by drivers who want to use the road and who have been protesting the fast driving.

Judging from the activity on the part of the state officers since they have been here, the rate of speed will be established as 15 miles an hour, the same as provided in the state law, and that any person driving at a higher rate will be reported to the Highway department.

People Must Pull Together

If the people of this town hang together half as well as the big greedy millionairs who own the Tri-Cities water works, we will not only be able to register a protest against the methods of some bloater bankers and bondholders, but we will demonstrate that as a united people, we will not stand for being hoodwinked without at least a protest.

They have smeared it all over us in taking the wealth that rightfully belongs to the town and magnifying it ten times over, and then slapping us right in the face with high rates. If this water plant is worth millions to Pittsburgh and eastern millionairs, it is worth something to home capitol. If the water of the Monongahela river assembled and pumped into lines along the streets that belong to the people is valuable enough for money grafters to peddle over the country and sell, then it is valuable enough to interest this town sufficiently to see that the people get a square deal. There is no appeal to officials of the water company. They have no connection with the town and barely operate a collecting agency here. They have a loose franchise that gives the consumer no rights whatever. It is one sided legislation. The company can fix its own rates and tear up the streets whenever and wherever it pleases. As soon as a paved street is put down, a public service corporation tears it up. The tax payer pays for the paving, but the tax payer has nothing more to say. The streets of the town are practically ruined at the hands of these corporations that pay no tax whatever to the town. There are no restrictions upon them in any way.

And the merger of two years ago is proving to be just what the people prophesied a foundation for higher rates and an excuse for grafting from the people. Witnesses for the company denied the charge made by the people but the people were right. It was expensive to the town to fight to prevent the merger, and it will be expensive to fight the concern again, but it is better to make the fight than to allow this high water scheme to go without registering a protest.

Should First Be Loyal

The Donora American, strongly Republican, is shocked at the presumption of Congressman Temple making an announcement for re-election to the office on the bull moose ticket. Temple as a candidate had a platform entirely out of harmony with that of the Republicans. In plain language he opposed Republican policies in his platform and traveled up and down the 24th congressional district telling why the Republican candidate, William M. Brown should not be sent to congress and why the party was no longer any good.

Mr. Brown was elected however, but did not live to serve out his term and the bull moose candidate was given a seat in congress through Mr. Brown's death, and it is said he supported Republican measures.

Coming back home, Mr. Temple registered a Republican and asks to be sent to Congress on the Republican ticket. The voters are to decide whether or not he is a Republican by principle, or if he is using the party name to get into office. In this case the Republican party has not changed, but the candidate has changed. There is not one plank in the Republican party that differs from the platform when Mr. Temple stumped the district against Mr. Brown.

The American has suggested how Mr. Temple can show the voters he is a Republican, and if he is wise, he will adopt that advice. Register as a Republican, put Republican tickets in the ballot box for a few years and help the Republican party when it needs help.

Deafness Cannot Be Cured

by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, Deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever. Nine cases out of ten are caused by Catarrh, which is nothing but an inflamed condition of the mucous surfaces.

We will give One Hundred Dollars for any case of Deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars, free.

MORE WATER

If a water meter runs too fast, there is no alternative for the consumer, but if it stops the company averages the water rent up with the past quarter. It's a poor rule that won't work both ways, and the water company has a poor rule for it sure does only work one way.

"Put me down for any amount that any one man gives to fight the raise in water rates," said a prominent man last night. "I am going to demonstrate in a substantial way that I am willing to do my part," continued the man. There are hundreds just like this fellow.

Some claim Monessen is helping to pay for the Wilpen railroad wreck that cost so many lives and big damage suits. The Mellons control the Ligonier valley railroad, you know. It is very doubtful however, whether the big profits are going any place else but into the expansion and development of the local water works.

One consumer claims you don't have to buy a meter from the water company. You can buy it where you please, so long as the water company makes the inspection. They'll get you some place, so you might as well buy the meter from the company with the inspection thrown in as to buy a meter and have to add the inspection later.

We'll grant folks, that the meters cost $6.00 each, but we don't believe they do, if the company forces us to a meter system and the consumers rent the meters. they will have $30,000 at 33 1-3% interest in Monessen alone, or an annual income of over $10,000 annually in addition to the advance in rates. Water sure is a good investment.

GEORGE W. MUSE
of West Newton
Republican Primary, Tuesday, September, 21, 1915.
Your vote and influence respectfully solicited

George W. Muse A Strong Candidare

A testimonial to the worth of George W. Muse as a valued public official is in the fact that he is serving as an expert witness for the people in the case against the Westmoreland water company and bending every energy to help them get lower rates.

As an engineer Mr. Muse is one of the best in this section of the country. His calculations are always found to be accurate and he does his work with a conscientiousness characteristic of the man. No temptation has ever been great enought to swerve him from duty. Men who have known him for years, as well as those who know of him are willing to swear by George Muse every time. Personally we are glad that he is a witness on this water case, for we are certain the people will get a square deal in his testimony, for he is brave enough to do his duty anywhere and everyfhere. This very act as well as his official conduct makes him a logical man to be elected to fill the office to which he has been appointed by the court.

Approve Bridge Plans

The commissioners of Westmoreland and Allegheny counties having approved the construction of an inter-county bridge over the Allegheny river between Natrona in Allegheny county and Braeburnin Westmoredand county, it is expected work will be commenced on the bridge this year. The plans are now to be approved by the war department. The bridge which will cost about $225,000 will bring in closer contact a large part of Northern Allegheny county and Westmoreland county. It will be the only one crossing the stream between New Kensington and Freeport.

Eldora Park Dates

One of the chief features this week will be the beginning at Eldora park Tuesday evening of weekly square dances under the auspices of a committee from Charleroi, of which Clarence Blythe is the representative Then John A. Weber is arranging square dancing for his Friday night dances, with a "figure caller" who is known in the region to do the "calling."

On Wednesday night of this week the Tecolote club of California will give their first summer dance, and as these Tecolete events are always interesting, a good time is ahead for those planning to attend.

Colored people will flock to Eldora by train and special car Thursday when the Grand United Order of Odd Fellows of Brownsville gives its annual picnic. The picnic is really for the entire Monongahela valley.

Following the Thursday event will come that on Thursday of the outing of the First Presbyterian Sunday school of Charleroi.

ONLY ONE

The Record in Monessen is a Unique One

If the reader has a "bad back" or any kidney ills and is looking for an effective kidney medicine, better depend on the remedy endorsed by people you know. Doan's Kidney Pills have given great satisfaction in such cases. Monessen citizens testify to this. Here is a case of it:

H. R. Wilbur, 131 McKee avenue, Monessen, says: "I contracted a heavy cold which affected my kidneys. My back was sore and lame all the time and I had to have help to turn in bed. My whole body was like a board. I often had to have somebody dress me. Shooting pains darted through my body and I could not do my work. My body became bloated. The secretions were profuse in passage and contained sediment. I had dizzy spells and hot flashes, and I was miserable in every way. I doctored for years but didn't improve. The first box of Doan's Kidney Pills relieved me and two boxes practically cured me. Now and then I take Doan's Kidney Pills as a tonic, and give them credit for keeping me well."

Price 50c at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mr. Wilbur had. Foster-Milburn Co., Buffalo, N. Y.

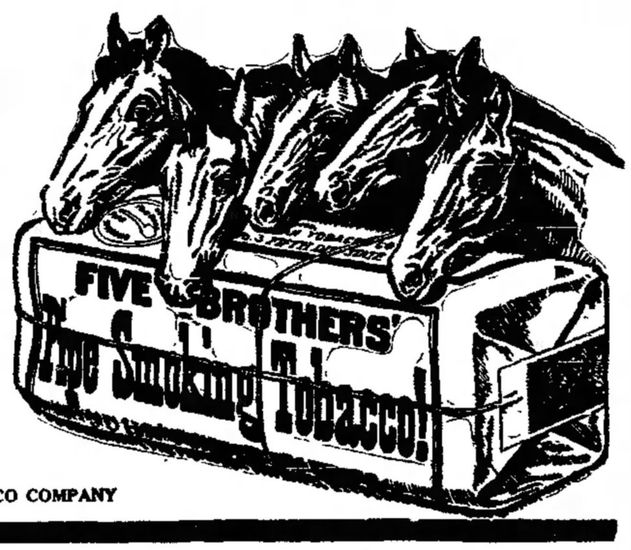
Pipe Smoking Tobacco

We've spent fifty years and millions of dollars creating tobacco brands. And we know that the reason FIVE BROTHERS pleases the hearty smoker or chewer is because its quality is honest and its value the biggest.

We use the pure Southern Kentucky leaf in FIVE BROTHERS. We carefully age it for three to five years so as to bring out its full richness. The process can't be hurried. So you see no other tobacco *can* be the same as FIVE BROTHERS and FIVE BROTHERS itself can never vary in quality.



No matter what tobacco you may be using now, just try FIVE BROTHERS for a week, and see if FIVE BROTHERS doesn't give you greater satisfaction, day in and day out, working or resting, chewing or smoking, outdoors or indoors. By the end of the week you'll be a permanent user of FIVE BROTHERS.

FACTS ABOUT FEMINISM

Men in Colorado are now pleading for "equal rights" under the new red light abatement law, which allows only women to run disorderly houses. The men claim it is unconstitutional to discriminate against their sex; that the law cannot be enforced against them because it does not include in its application the women who are engaged in the white slave traffic—and it is further contended that the female procurer is more vicious, more numerous and more heartless than the male.

Colorado has the highes tper capita tax in the United States, taking all forms of taxation into consideration. For taxes levied by the state alone, Nevada, California and Idaho —all woman suffrage states lead in per capita cost of government.

Pennsyvlania has the lowest per capita property tax in the country—15c. General government expenses in this state are 36c per capita a year. In Colorado they are 85c per capita. Pennsylvania spends 95c a year per capita—or $7,774,661 for education; Colorado 44c a year per capita, or $392,375 for the same purpose.

No city with less than 450,000 inhabitants has so many divorced women as Denver, where one woman to every 29 who are married is a divorcee. The average is 1 divorcee to every 113 married women throughout the Union.

Heard a suffrage orator say the other day that in Colorado women must be paid $12 a week in laundries. The Denver laundry now advertising for women as shapers and ironers is evidently amusing itself offering a salary of $6 a week—or was Miss Suffragette merely repeating something in the campaign manual? The "want ads" are better indicators of work and wages than amateur reports of alleged "social workers" with a suffrage ax to grind.

A higher proportion of women over 45 have to work in Colorado than in Pennsylvania; and a higher proportion of girls under 13 have to work out in Colorado. (Volume IV. U. S. Census, pp. 442 & 512.)

WAS MISERABLE COULDN'T STAND

Testifies She Was Restored to Health by Lydia E. Pinkham's Vegetable Compound.

Lackawanna, N. Y.—"After my first child was born I felt very miserable and could not stand on my feet. My sister-in-law wished me to try Lydia E. Pinkham's Vegetable Compound and my nerves became firm, appetite good, step elastic, and I lost that weak, tired feeling. That was six years ago and I have had three fine healthy children since. For female troubles I always take Lydia E. Pinkham's Vegetable Compound and it works like a charm. I do all my own work."—Mrs. A. F. KREAMER, 1574 Electric Avenue, Lackawanna, N. Y.

The success of Lydia E. Pinkham's Vegetable Compound, made from roots and herbs, is unparalleled. It may be used with perfect confidence by women who suffer from displacements, inflammation, ulceration, tumors, irregularities, periodic pains, backache, bearing-down feeling, flatulency, indigestion, dizziness, or nervous prostration. Lydia E. Pinkham's Vegetable Compound is the standard remedy for female ills.

Women who suffer from those distressing ills peculiar to their sex should be convinced of the ability of Lydia E. Pinkham's Vegetable Compound to restore their health by the many genuine and truthful testimonials we are constantly publishing in the newspapers.

If you want special advice write to Lydia E. Pinkham Medicine Co. (confidential) Lynn, Mass. Your letter will be opened, read and answered by a woman and held in strict confidence.

NOTICE

NOTICE is hereby given that an Ordinance, of which the following is a copy, was introduced in the Council of the Borough of Monessen on the Second day of June, A. D., 1915, and will be presented to the Council for final adoption on the 11th day of August, A. D., 1915 at Eight (8) o'clock p. m., at the Borough building in Monessen, at which time and place objections to the adoption of said Ordinance will be heard.

R. T. Dale,
President of Council.

Attest:—
J. E. Pittman,
Secretary.

ORDINANCE No.—

AN ORDINANCE establishing the grade of an un-named ten foot wide alley, running along the Western boundary line of Lots No. 70 and 171 South and extending from McKee avenue to Reed avenue, in the Borough of Monessen, County of Westmoreland and State of Pennsylvania.

Be it ordained and enacted by the Borough of Monessen, in Council assembled, and it is hereby ordained and enacted by the authority of the same.

SECTION 1. That the grade of the center line of an un-named alley, running along the western boundary line of Lots Nos. 70 and 171 South and extending from McKee avenue to Reed avenue, shall be fixed and established as follows:—BEGINNING at a point where the center line of said un-named alley intersects the Southern side line of McKee avenue, elevation eight hundred eighty-six and ten one-hundredths (886.10) feet, Borough Datum; thence rising along the center line of said alley at the rate of seventeen and nine hundred twenty-nine one thousandths (17.929) feet per hundred feet, for a distance of one hundred forty (140) feet to the north side of a fifteen (15) foot wide alley, elevation nine hundred eleven and two tenths (911.2) feet; thence rising to the south side of said 150 wide alley, elevation nine hundred eleven and six tenths (911.6) feet; then rising at the rate of seven and one hundred fifty-four one thousandths (7.154) feet per hundred feet for a distance of one hundred thirty (130) feet to the north side of Reed avenue elevation nine hundred twenty and nine tenths (920.9) feet.

SECTION II. All ordinances or parts of ordinances conflicting with this ordinance be, and the same are hereby repealed, so far as the same affects this ordinance or any part thereof.

Ordained and enacted this the——day of ——A. D., 1915

President of Council.

Attest:—
Secretary.

Examined and approved this the——day of ——A. D., 1915.

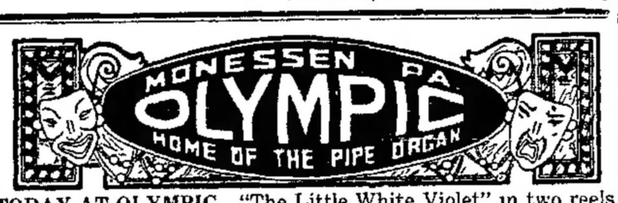
Will Ask Assistance

The congregation of the Mt. Olive Baptist church of this city will ask the aid of both white and colored people to assist in raising $500 the fourth Sunday in August. This amount is needed to pay the indebtedness on the church and the pastor, Rev. J. H. Brown asks that all lend their assistance to this worthy cause.

Reward

$5.00 reward for return of cows which disappeared from the Luce pasture on the night of July 13th. Have white stripe along head, light brown spots around eyes and both sides. Short horns. Mrs. S. Jacobson, 327 Chestnut street. 28-3tp

—If you are hot and want a cool ride, call 36-M, Belle Vernon. 1tp



TODAY AT OLYMPIC—"The Little White Violet" in two reels featuring Mary Fuller, Universal, novelty drama. You know where Mary is there must be a great production. The next is "The Wrong Label," a drama, featuring Jane Gail, Universal. The next is right off the reel, (comedy) featuring Max Asher and Henry. Some women cannot sleep for fear that they might miss this real natural Joker comedy.

TODAY AT OLYMPIC—The second episode of "The Broken Coin,"—"Satan of Sands" in two reels, featuring Francis Ford and Grace Cunard. When in our pictures appear such stars, our further explanation about "The Broken Coin" is useless. It is positively guaranteed that every episode of "The Broken Coin" surpasses every serial picture including that of "Lucille Love" and "The Master Key."

TUESDAY—The sixth and last episode of the beautiful American actress and ex-wife of the Khedive ruler of Egypt, "The Princess Hassan," who has escaped from the Sultan's harem and is telling her real experiences of the harem. As tomorrow is the final adventure of the Princess Hassan, we cordially invite every person to come to the Olympic, of course. Then in addition we have our friend and the friend of all, Charles Chaplin. His subject is "Masqueradors." Now we know that every time he is a masquerador, yet every time he calls this picture "Masquerador." We can imagine what kind of masquerading he will do tomorrow, but we have to see him anyway.

As far as Wednesday and Thursday are concerned, we need not say very much as long as we have the solid as a rock productions of "The Exploits of Elaine with Arnold Daly, Pearl White and Edwin Arden. Every patron of the Olympic knows as much about "The Exploits of Elaine" as the writer does.

THURSDAY also—The tenth chapter of "Who Pays?"—"The Pomp of the Earth" in three reels, featuring Ruth Roland and Henry King. The only fault we see in this picture is that we only have two more chapters after the tenth and we know that all our customers will miss this great production. They will for a fact wish we had some more chapters, they are so fine, so great, so educating, so fascinating, so sweet. They cannot help it. They are like the little fellow who wished he had a neck a mile long so he could taste the sweetness of the M. & B. ice cream longer.

FRIDAY AT OLYMPIC—Now for Friday. What will we say? Sit down and listen. Our dreams are solved. Moving pictures beneath the sea are now a reality. Scientists declare that with the perfection of the Williamson submarine tube, the first and only one upon the face of the earth, the world will soon be able to solve the secrets of the deep which have heretofore been clouded in mystery. There are more treasures beneath the sea than on this earth. With this great invention we will soon restore all gold, silver, ivory and innumerable precious stones, when mankind may quit their slaughtering due to the lack of living necessitites. You will see the wonders of the bottom of the sea, which in many places are like the beautiful gardens of California. You will see the tiger of the sea, killed his lair. Williamson faces the terrors of the deep, eludes the ugly teeth of the shark and plunges a knife into his belly. It is the eight wonder of the world positively. Prices will be 15c and 25 cents.

SATURDAY—"The Ulster Lass," in two reels, an Irish drama, featuring Gauntier. The next is "Was she a Vampire?" featuring E. Maison. Also the Joker and the ninth chapter of the greatest serial picture on the market, "The Diamond from the Sky," in which every chapter is getting better, like "The Broken Coin.

Wall Candidate for Register

Monessen, Pa., July 19, 1915.

To my Fellow Townsmen:—

Gentlemen:—

I take this means of apprising you that I am a candidate for the office of Register of Wills of Westmoreland county, subject to the Republican Primary election September 21, 1915. I am a mill man, having followed this vocation for a number of years in the capacity of heater in the steel mills of Westmoreland county, and aside from this, I have endeavored to put into execution every influence relative to promoting the uplift of both the civic and the political standard of my surroundings.

I migrate from a Republican parentage whose aim has always been to elect as the standard bearers of its party, men of repute and executive ability, thus giving to the county those who can affiliate with all classifications in a most satisfactory and pleasing manner.

I was a member of the 10th Penna. Vol in Manilla, which establishes my determination during any period of the support and your kind consideraour nation's calamity, and if given tion, I will endeavor to demonstrate

J. J. B. Wall.

the fact that a mill man can possess both the education (I having been educated in the Monongahela public schools and the Pennsylvania state college) and the executive ability that conforms with the duties of any elective offices. And in conclusion I desire to state that I am not allied with any political machine whatsoever, but am traveling through Westmoreland county paying my respects to the individual voter purely on my own merits and soliciting the support of those who respect such a policy which gives the individual the rights that our constitution calls for.

Yours respectfully,
J. J. B. Wall.
